

Plastics for Architectural Glazing Applications

How plastics can benefit you:

- Superior durability
- Wide variety of colors and patterns
- Lightweight for easy installation
- Acoustical insulating properties
- Outdoor weatherability (outdoor grades)
- Bullet resistant grades

Plastic Materials to Fulfill Your Needs

Curbell Plastics stocks a wide variety of plastic sheet materials for architectural glazing. Our glass shop and glazing customers require tight tolerance cut-to-size pieces and on-time delivery to their facilities or job sites to meet construction schedules.

Plastics offer superior transparency and toughness for architectural applications as well as the ability to be formed into complex shapes such as curved canopies, skylights, and domes.

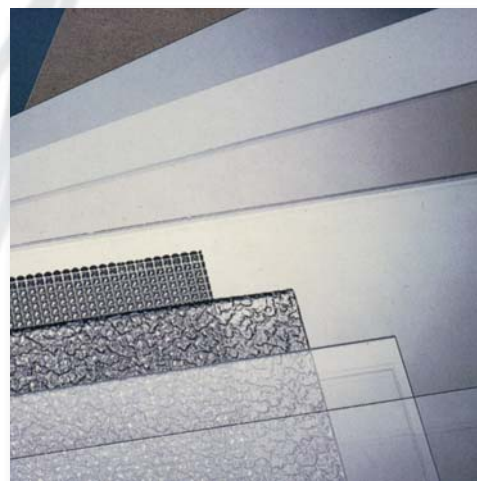

In addition to our standard glazing materials, Curbell has a full line of bullet-resistant plastic sheet materials to meet even the most demanding security glazing specifications.
