

Vycom's Seaboard™ family of marine, RV, and outdoor materials provides superior performance in outdoor environments where water, UV exposure, and other harsh elements are present. Unlike wood or metal alternatives, our products will not rust, corrode, rot, delaminate, or splinter. With their superior scratch resistance, stiffness, and UV packages, our HDPE and PVC products are ideal for a wide range of applications, from outdoor cabinetry and marine furniture to signage, and recreational areas.

SEABOARD™ HDPE

Top Applications:

- Marine and Non-Marine Outdoor Cabinetry / Furniture
- Hatches / Covers
- Rails, Trim, and Components
- Decorative Wood / Metal Replacement

Key Material Benefits:
