

National Account Management

Our national accounts team can help you manage multi-site sourcing

We supply high quality materials to national accounts:

- Plastic sheet, rod, & tube
- Films
- Fabricated parts
- Tapes, fabrics & belts
- Adhesives & sealants
- Prototyping & tooling
- Tubing & hose

National account services:

- Inventory programs
- Material yield optimization
- Certification & traceability
- Recycling
- Packaging & kitting
- Documented cost savings

Curbell Plastics works with our customers (who have multiple locations in different geographies) to help them manage their plastics purchases and usage.

Our national accounts team works across multiple locations to eliminate redundancy and find efficiencies. We have been able to share material and application successes throughout an organizations' multiple locations.

Contact our national accounts team for contract pricing, volume incentives, priority technical assistance, and dedicated customer service.
