

Polyester Film

UV01 Clear Hard Coated

KEY CHARACTERISTICS:

- Excellent chemical resistance
- Difficult to tear
- Improved scratch resistance
- Good dimensional stability
- Superior clarity

TYPICAL APPLICATIONS:

- Automotive
- Membrane switch overlays
- Nameplates
- Touchscreens
- Appliance
- Labels and tags

Clear, hard coated, printable PET film

UV01 is a clear hard coated polyester film that delivers superior clarity along with improved scratch resistance. There is a gloss surface on both sides and a variety of masking options available.

TYPICAL THICKNESSES

.005" - .007"

UV01 CLEAR HARD COATED TYPICAL PROPERTIES

PROPERTIES	TEST METHOD	UNITS	VALUES
OPTICAL			
Light Transmission	ASTM D1003	%	≥90
Haze	ASTM D1003	%	≤1.0
60° Gloss	ASTM D523	%	≥150
HARDNESS			
Pencil Hardness	ASTM D3363	-	2H
Steel Wool #0000	KTI Method	-	Pass
ADHESION			
Cross Cut/Tape	ASTM D3359	-	Pass
MANDREL FLEX			
1/8, 1/4	ASTM D3311	-	Pass
