

# Solutions for Safer Environments

Polycarbonate & PVC for Protective Barriers,  
Partitions & Wall Cladding

SOCIAL DISTANCING EDITION

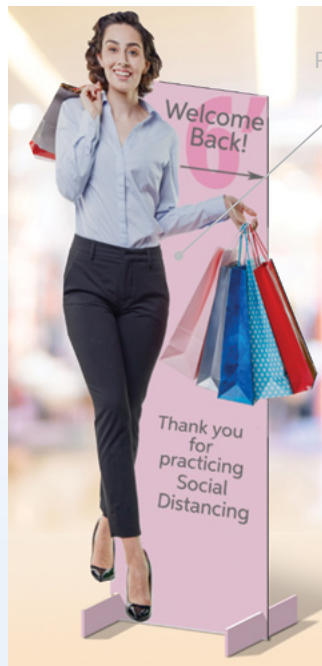

*Palram: Helping to create a safer environment everywhere we live life.*

## What's in store?

SUPERMARKETS • STORES • MALLS

Retailers are beginning to reopen. To help do it safely, they need barriers to protect employees and customers, and versatile materials to make new instructional signage and displays.

# All Aboard!

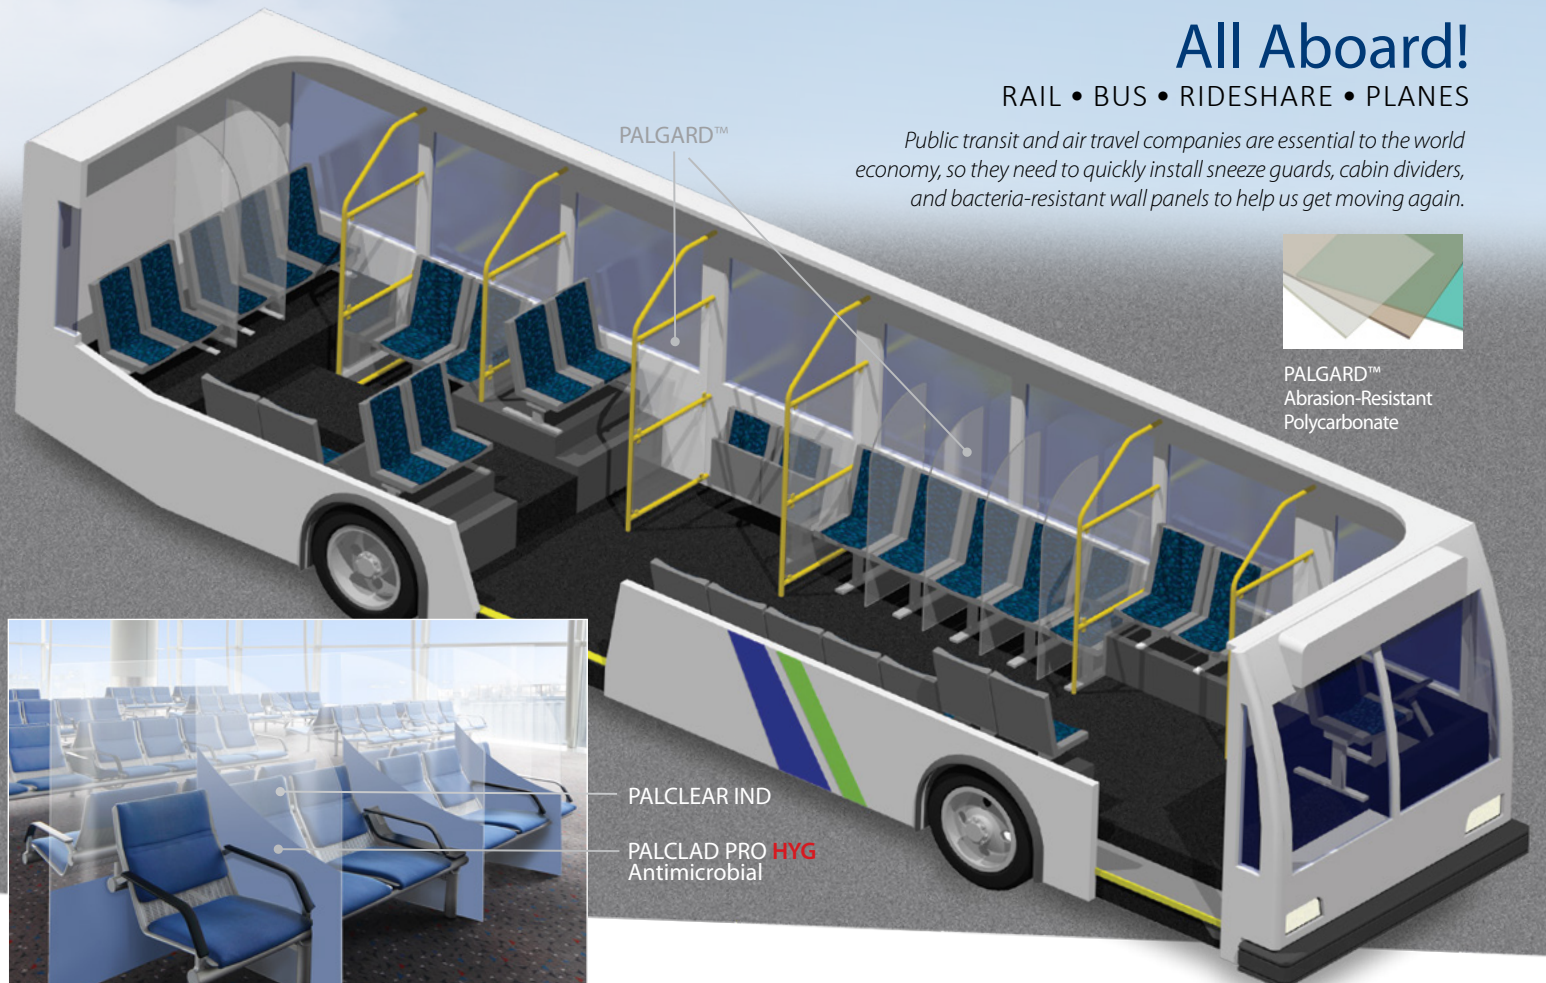

RAIL • BUS • RIDESHARE • PLANES

Public transit and air travel companies are essential to the world economy, so they need to quickly install sneeze guards, cabin dividers, and bacteria-resistant wall panels to help us get moving again.

# Great minds...

CLASSROOMS • DORMS • LIBRARIES

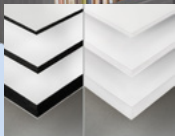

Schools and other learning centers are reshaping their interiors and pursuing all types of protective solutions in order to fully and safely reopen in the fall. They need materials for new signs, and custom barriers to help facilitate social distancing.

# Protective Barriers, Partitions & Wall Cladding

## Polycarbonate and PVC Product Selection Guide

Sanitary surfacing solutions such as barriers and dividers, safety shields, antimicrobial cladding, sneeze guards, and other protective products are becoming increasingly necessary as state economies begin to reopen...which means versatile plastics are in high demand!

Architects, designers, contractors and facility managers across the country are working on both temporary and permanent solutions to help facilitate social distancing in the post-COVID-19 world. To do this, we need to create environments within businesses and public facilities where it's easy to maintain germ-free contact surfaces and other high-touch areas. We also need to rethink facility interiors and reshape them to allow for safe distancing between people.

The chart below allows you to compare Palram products according to their properties and attributes to select the perfect solution for your end-user's requirements.

Check out our selection guide below or call 800.999.9459 for immediate assistance.
