POLYGAL MULTIWALL

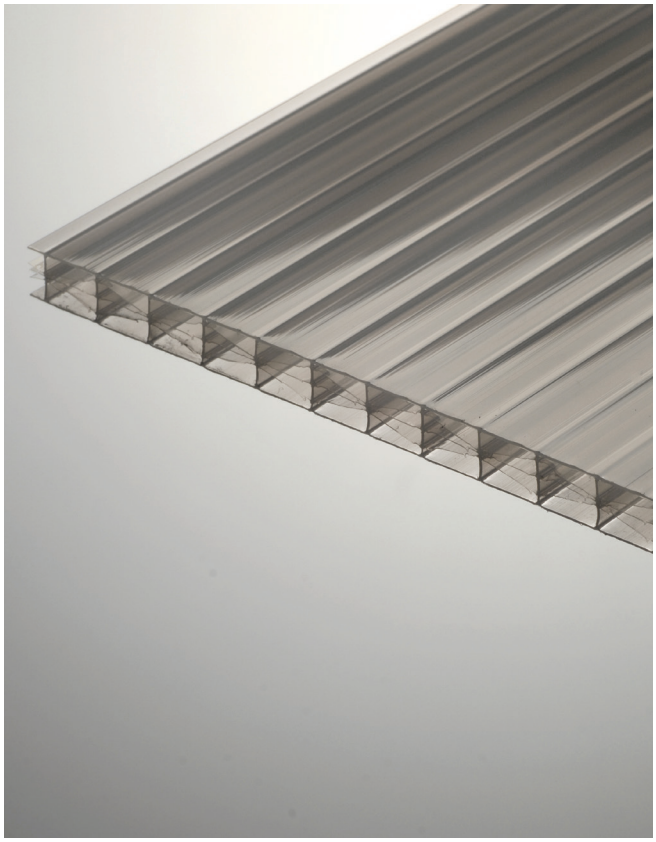

PROTECTION FOR DATACENTERS

MULTIWALL SHEET

MultiWall structured polycarbonate sheet is a family of products offered in a wide range of gauges and tints. Ideally suited to be used in damage prone areas.

- » Outstanding toughness and durability - withstands breakage during transportation and installation
- » Excellent thermal insulation for energy savings
- » High light transmission in clear or reduced light transmission with tints to control daylighting
- » Lightweight and easy to install. The sheets can be cold-bent during installation and can be cut with standard skill saws
- » International Building Code rated for Low Flammability
- » 10 year warranty against breakage and weather resistance

RANGE OF OPTIONS

- Large range of colors, shades, and coatings
- Thicknesses from 6 to 32mm
- 10 year limited product warranty

APPLICATIONS

- Data Centers
- Interior walls and dividers
- Industrial buildings
- Secured areas
- Air plenums
- Ceiling tiles
